Anna Khodorkovskaya

„Animal Farm“

2017

Reproduction

Limited edition for the visitors of BB8, 2018, Bucharest

Anna Khodorkovskaya was born and currently she lives. She might also die one day.

She works and sometimes she doesn't.

In her work she is interested in things and other times she is not.

She uses materials, but not necessarily.

She transforms the meanings after affirming them.

She criticizes what she admires.

She enjoys being an artist and she hates it.
